REVISED
STORM WATER PETITION

To the Mayor and City Council
Andover, Kansas

THIS PETITION WAS RECEIVED IN THE
OFFICE OF THE CITY CLERK
OF ANDOVER KS ON 7/18/24

ACCEPTED 

Dear Council Members:

1. We, the undersigned owners of record of 100% of the below designated Lots of real property described as follows:

PRAIRIE POINTE AT CORNERSTONE 3RD

Lots 1 through 4, Block A
Lots 1 through 13, Block B

do hereby petition pursuant to the provisions of K.S.A. 12-6a01 et seq., as amended, as follows:

- (a) That there be constructed a storm water sewer system (the "Project") to serve the area described above (the "Benefit District"), according to plans and specifications to be approved by the City Engineer of the City of Andover, Kansas.
- (b) That the estimated and probable cost of the Project is One Hundred Eighty-Nine Thousand Dollars (\$189,000), with 100 percent payable by the Benefit District. Said estimated cost as above set forth may be increased to include temporary interest or finance costs incurred during the course of design and construction of the Project, and also may be increased at the rate of one percent per month from and after June 1, 2024.
- (c) That the Benefit District be constituted as an improvement district against which shall be assessed 100 percent of the total actual cost of the Project.

If this Project is abandoned, altered and/or constructed privately in part or whole that precludes building this Project under the authority of this petition, any costs that the City of Andover incurs shall be assessed to the Benefit District in accordance with the terms of the petition. In addition, if the Project is abandoned at any state during the design and/or construction of the Project or if it is necessary for the City of Andover to redesign, repair or reconstruct the Project after its initial design and/or construction because the design and/or construction does not meet the requirements of the City, then such costs associated with the redesign, repair or reconstruction of said Project shall be assessed to the Benefit District in accordance with the terms of this petition.

- (d) That the method of assessment of all costs of the Project for which the Benefit District shall be liable is that all lots shall be on an equal share per lot basis.

In the event all or part of the lots or parcels in the Benefit District are replatted before assessments have been levied, the assessments against the replatted area shall be recalculated on the basis of the method of assessment set forth herein. Where the ownership of a single lot is or may be divided into two or more parcels (or parcels are replatted such that the method of assessment set forth herein cannot be utilized), the assessment to the lot so divided shall be assessed to each ownership or parcel on a square foot basis.

2. It is requested that the Project hereby petitioned be made without notice and hearing, which, but for this request, would be required by K.S.A. 12-6a04. This petition may be combined with other petitions of similar nature to form one public improvement project.

3. The petition is submitted pursuant to subsection (c) of K.S.A. 12-6a04, and amendments thereto and as owners of 100% of the properties proposed to be included in the Benefit District, we acknowledge that the proposed Benefit District does not include all properties which may be deemed to benefit from the Project.

4. That names may not be withdrawn from this petition by the signers thereof after the Governing Body commences consideration of the petition or later than seven (7) days after filing, whichever occurs first.

5. That when this petition has been filed with the City Clerk and it has been certified that the signatures thereon are according to the records of the Register of Deeds of Butler County, Kansas, the petition may be found sufficient if signed by all of the owners of record (whether resident or not) of the area liable for assessment under the proposal. The Governing Body is requested to proceed in the manner provided by statute to the end that the petitioned Project may be expeditiously completed and placed in use if and when such Project is necessary to serve any building that may be constructed on the real property after the date on this petition.

WITNESS our signatures attached, each of which indicates the property owned and the date of signing.
