# MESSAGE FROM THE

## CHIEF

**Public Service Excellence thru Compassion, Integrity & Commitment**

**To Mayor Ben Lawrence, Members of the City Council, and the Citizens of Andover,**

Each year the Andover Police Department compiles an Annual Report summarizing the work accomplished by the department. Among other things, it provides the public an overview of the department, crime data, community interactions, and history. It is a tribute to the men and women of the Andover Police Department and to the Community they serve.

Our Police Department enjoys a great deal of success based in large part to the levels of support and cooperation within the community. The citizens of Andover, the City Council, and our staff all share a common goal to keep our residents and their property safe. I am extremely fortunate to lead a group of committed professionals within the Police Department who work hard every single day to make the lives of our citizens in Andover better.

The 2018 Andover Police Department's Annual Report highlights our dedication to excellence and more importantly, our continued commitment to provide **"public service excellence"** and responsive police services to the citizens and visitors of our great city. This report provides an overview of services provided by our Department in 2018, and the activities that we engaged in with those whom live, work and play in our community.

**The 2018 Highlights include:**

- The City of Andover once again experienced a very low crime rate, boasting just over 1 violent crime and just under 16 property crimes per 1,000 residents, well under both state and federal averages, and was recognized as the 4<sup>th</sup> safest City in Kansas by the National Council for Home Safety and Security.
- The Department responded to 20,189 calls for service, completed 1,701 incident reports, investigated 263 motor vehicle accidents, issued 1,762 traffic citations and another 927 traffic warnings, and made 358 arrests including taking 25 drunk drivers off our streets. With well over 20,000 citizen contacts, the professional bearing of our staff resulted in one citizen complaint in 2018, and an unprecedented, eight total citizen complaints over the previous 5-years.
- For the eighth year in a row, the Police Department was recognized by the American Automobile Association (AAA) of Kansas for the department's efforts in traffic safety initiatives and the fifth year in a row to receive the association's "Community Traffic Safety Platinum" award.

I am extremely proud of both our accomplishments and the trusting relationships that we have forged and continue to strengthen with the citizens and visitors of Andover. I am even more proud of the professional men and women of this organization who have once again met the year's challenges with compassion, integrity and commitment!

Thank you for taking the time to read about the operation of our department, we truly appreciate your interest! It is my hope that after reading this report you will have a better understanding and appreciation for what the men and women of this Department do on a daily basis.

# 2018 HIGHLIGHTS

The Andover Police Department initially received CALEA's "Advanced Law Enforcement Accreditation" on March 23, 2013, having demonstrated compliance with a comprehensive set of over 360 standards that reflect policing's "best practices." This coveted designation is considered the highest standard of excellence in law enforcement. Only 5% of all law enforcement agencies in the entire country are Nationally Accredited, and the Andover Police Department ranks very high among those agencies.

In December of 2015, the agency went through their second on-site, 4-day assessment, demonstrating its continued compliance with these CALEA standards. Saturday morning, April 2<sup>nd</sup>, 2016 Chief Keller, along with the department's accreditation manager Lt. Buck Buchanan, Investigations Commander Captain Justin Phillips, Communications Director Becky Tapia and Andover City Administrator Mark Detter appeared before CALEA's full board of commissioners to answer questions. At the conclusion of the hearing, the board of commissioners unanimously approved the Andover Police Department's request for re-accreditation and awarded CALEA's "Advanced Law Enforcement Accreditation."

On Tuesday, April 16th, the Andover Police Department was notified by CALEA assessor Rob Sofie that the department successfully completed its year-two of four off-site file review towards reaccreditation. Rob stated the files were flawless which he expected from Andover, and provided a few valuable suggestions for improvement. The department will have one more off-site file review completed in April of 2018, before the full on-site visit and review in the winter of 2019 for a scheduled reaccreditation in March of 2020.

On Thursday, April 18th, Jessica Smith was officially appointed as the Andover Police Department's Accreditation Manager. Jessica was transferred from a police officer position to the Accreditation Manager's position on January 14th, 2018. During the past 3+ months Jessica has assisted Captain Buck Buchanan in preparation for the department's Year 2 Off-Site File Review, and attended the 2018 CALEA Conference in Frisco, Texas on March 21 -24, where she attended all required classes to become a certified CALEA Accreditation Manager.

On Friday, May 18th, the Department was notified of the CALEA "Year 2 Off-Site File Review" and "Remote Assessment" results conducted back in April of this year. On 4/16/2018, CALEA Compliance Service Member (Assessor) Rob Sofie completed a review of 90 of the department's 364 standards, finding absolutely no issues. I believe that our department received a fair yet thorough review, and that this "flawless" assessment demonstrates the commitment that our accreditation staff and department members have for the CALEA Accreditation process. Outstanding job!

The Law Enforcement Accreditation Program was the first credentialing program established by CALEA after its founding. It was originally developed to address what was seen as a need to enhance law enforcement as a profession and to improve law enforcement service delivery. That mission continues today through a tiered law enforcement accreditation program. Agencies may participate in either CALEA Law Enforcement Accreditation (Tier 1) or CALEA Advanced Law Enforcement Accreditation (Tier 2), without regard to agency size.

Since the first CALEA Accreditation Award was granted in 1984, the program has become the primary method for an agency to voluntarily demonstrate their commitment to excellence in law enforcement. The standards upon which the Law Enforcement Accreditation Program is based reflect the current thinking and experience of law enforcement practitioners and researchers. Major law enforcement associations, leading educational and training institutions, governmental agencies, as well as law enforcement executives internationally, acknowledge CALEA's Standards for Law Enforcement Agencies® and its Accreditation Programs as benchmarks for professional law enforcement agencies.

- CALEA Accreditation requires an agency to develop a comprehensive, well thought out, uniform set of written directives. This is one of the most successful methods for reaching administrative and operational goals, while also providing direction to personnel.
- CALEA Accreditation standards provide the necessary reports and analyses a CEO needs to make fact-based, informed management decisions.
- CALEA Accreditation requires a preparedness program be put in place— so an agency is ready to address natural or man-made unusual occurrences.
- CALEA Accreditation is a means for developing or improving upon an agency's relationship with the community.

# 2018 HIGHLIGHTS

- CALEA Accreditation strengthens an agency's accountability, both within the agency and the community, through a continuum of standards that clearly define authority, performance, and responsibilities.
- Being CALEA Accredited can limit an agency's liability and risk exposure because it demonstrates that internationally recognized standards for law enforcement have been met, as verified by a team of independent outside CALEA-trained assessors.
- CALEA Accreditation facilitates an agency's pursuit of professional excellence.

## SCHOOL BUS STOP SAFETY INITIATIVE

On Thursday, November 8th, Chief Mike Keller and USD-385 School Superintendent Brett White attended a "School Bus Stop Safety" community meeting that was hosted at the Durham School Services bus facility in Andover. The meeting included school administration, police, Durham supervision, bus drivers and community members. The group focused on the need and desire for a public awareness campaign regarding School Bus Stop Safety.

Following that meeting, the Police Department developed an informational flyer on School Bus Stop Safety which was shared with 29 Home Owner Associations; to a number of local businesses through the Chamber of Commerce; the Police Chaplains who shared with their parishioners; to 3,645 parents through the school's PeachJar distribution program; was replicated on Facebook and City Channel 7; and went out in the City's November Sewer Bill to over 3,700 homes and businesses. As part of the Police Department's on-going "School Bus Stop Safety" awareness campaign, the department developed an informational flyer and distributed that flyer to over 3,645 individuals through the school district's "PeachJar" notification system, to local businesses through the Chamber of Commerce, and to 29 Andover neighborhoods through the HOA Liaison program. Additionally, the department developed a PowerPoint presentation and distributed it to the community via City Channel 7. On Tuesday, November 27th, the department's

flyer went out to over 3,700 homes and businesses as an insert in the City Sewer bill. The Police Department developed and distributed almost 60 "School Bus Stop Safety" posters, printed by the City's Public Works Department, to several places around town including, Andover High, Andover Central, Andover Middle School, Andover Central Middle, Cottonwood, Prairie Creek, Martin, Sunflower, Meadowlark and Wheatland elementary schools, School District Office, Durham's Bus Barn, Butler Community College's 3-campuses, City Hall, Police Department, Library, YMCA, Senior Center, Dillon's and Atwood's.

The Andover Municipal Judge has also increased the fine for running a school bus stop sign to \$200 plus a \$90 court cost charge, the highest fine currently allowed by Andover ordinance. And finally, the officers were extra vigilant regarding these violations, having written almost 4-times the number of citations than that of a year ago.

Additionally, in a cooperative effort between the Police Department and the School Bus Drivers, a plan was developed for the bus drivers to be able to report to the Police Department anytime they witnessed someone running their school bus stop sign and they were able to obtain a license tag number. This information was forwarded to the Police Department, who in turn mailed a courtesy letter to the registered owner of the vehicle, notifying them that their vehicle was witnessed running a school bus stop sign, and the consequences if the violation had been witnessed by an Andover Police Officer.

# SPECIAL RECOGNITION

**Officer of the Year Award:** *"Awarded annually to a sworn member of the department whose overall performance for the prior year has contributed substantially to the mission of the department and whose conduct has demonstrated the core values of the department."*

Sergeant Mark Werbin and MPO III Heath Kintzel nominated MPO III Tiah Smith for Officer of the Year stating "During 2018, MPO III Smith has demonstrated her commitment to the mission of the Andover Police Department through her involvement in the community both on and off duty. MPO III Smith is active in a group called "Wichita's Littlest Hero" and spends a lot of time with the organization helping children with special needs or medical issues. In addition, MPO III Smith has been involved with identifying families in need and has gone out of her way to assist. Despite no longer being an SRO, MPO III Smith involves herself with the SRO projects on top of her regular patrol assignment. During National Night Out, MPO III Smith worked hard to engage the children and build strong community bonds which ultimately place the department in a better light within the community.

MPO III Smith has used her computer skills to assist fellow officers in creating fliers for Police and Fire Festival, National Night Out, Drug Education and Passenger Safety Events. She has also assisted officers in creating PowerPoint presentations which are used for both the community and schools. She is constantly working on new ideas to make the department better. She is attentive to the needs of her fellow officers and the community at large.

The most telling proof of how officers and citizens feel about MPO III Smith was given to Captain Schroeder during the debate on who the Officer of the Year should be. Her co-workers described MPO III Smith as a person who finds solutions to the problems that she sees. One officer was quoted as saying, "Tiah won't let an opportunity to make a difference go by." It is the opinion of the Awards Board Committee by unanimous vote, that MPO III Smith has contributed substantially to the mission of the department and has demonstrated the core values of the department through her Compassion, Integrity, and Commitment to the Citizens of Andover.

Therefore, for her actions, efforts and attitude demonstrated on a daily basis during the past 12-months, as nominated by Sgt. Mark Werbin and MPO III Heath Kintzel, recommended by the Awards Board and approved by the Chief of Police, MPO III Tiah Smith was awarded the 2018 Officer of the Year Award.

**Civilian of the Year Award:** *"Awarded annually to a civilian member of the department whose overall performance for the prior year has contributed substantially to the mission of the department and whose conduct has demonstrated the core values of the department."*

Director Tapia nominated Records and Evidence Custodian Kelli Galloway for Civilian of the Year for 2018. Over the past year Kelli was in a unique position where she had to cover an almost full-time position on the dispatch console while still needing to cover her duties as the Records Clerk and Evidence Custodian due to Communications being short staffed a full-time position eight months of the year and a part time position for two months. While covering a position on the console, she was required to work a constantly changing her schedule. Kelli had not had the same schedule two weeks in a row from February through November including often times switching from day shift to night shift providing coverage wherever coverage is needed. Kelli never complained or hesitated to work as the department needed her to. With Kelli's increased time in dispatch, it naturally took her away from time to perform her primary job function as the Records Clerk and Evidence Custodian. Kelli came up with new ways to attempt to stay caught up, which included rearranging her personal life to work when there were less distractions at the station to get the most out of her time while working at her desk. While working the dispatch console, Kelli could almost always be found with a stack of records request or other record job duties she will attempt to work on when she was not handling emergency calls or performing dispatching duties. On top of covering the open dispatch position, Kelli went above and beyond the scope of the "Records Clerk" functions getting CAD and RMS Systems moved to the new server. Kelli has been working with Global, Comsys and the KBI to get the three systems working together during this move.

Kelli has established and maintained not only a friendly, but family relationship with all of the Police Department members allowing everyone to talk to Kelli with ease. This is vital to their working relationships allowing officers to feel at ease to ask Kelli for help with their reports. Kelli's hard work and dedication often times goes unnoticed in the background of everyone's busy schedules or 'needs' in the rush of trying to get reports done. She is a vital part of our department, and I for one rely on her knowledge on a daily basis."

Therefore, for her actions, efforts and attitude demonstrated on a daily basis during the past 12-months, as nominated by Director Tapia, recommended by the Awards Board and approved by the Chief of Police, Records Clerk and Evidence Custodian Kelli Galloway is awarded the 2018 Civilian of the Year Award.

# SPECIAL RECOGNITION

**Community Service Award:** *"Awarded to any member of the department, who displays outstanding service by achieving success in a difficult community project, program or situation, or who through their involvement either on or off-duty in community projects or programs, which improves the quality of life of citizens of Andover. Such conduct must distinguish the departmental member, or bring favorable recognition to the department by a high degree of professional accomplishment and/or initiative. This award is presented in the form of a ribbon bar and certificate for sworn members, and as a certificate for non-sworn members."*

Captain Joseph Schroeder stated "During 2018, Captain Buck Buchanan has been responsible for coordinating and planning all special events which have taken place in the Capitol Federal Amphitheater in Andover Central Park. Since this was a brand new venue, the spotlight was on all of these events which would shape the policies and procedures and set the tone for how the Andover Police Department would handle and control events at this venue. Captain Buchanan met with city personnel as well as private promoters to work out details and develop normal operational plans as well as contingency operation plans to be used in the event of any type of emergency. In addition to the planning of these events, Captain Buchanan personally oversaw every event that took place in the venue during 2018. Since Captain Buchanan is an exempt employee, this often meant spending long hours without any type of monetary compensation, ensuring that the City of Andover was able to provide a first class venue with the utmost safety and security making Capitol Federal Amphitheater a premier outdoor venue in the Mid-West. His work on the concerts and events at the Amphitheater has substantially contributed to the mission of this department and improving the quality of life for the citizens of Andover."

Therefore, having met the requirements of General Order M1218, as recommended by the Awards Board and approved by the Chief of Police, Captain Buck Buchanan is awarded the Community Service Award.

# STATISTICAL CRIME DATA

Seven serious offenses are used to define trends and make comparison across the nation. These offenses are called index crimes or Part I Offenses, and data about them are drawn from the Federal Bureau of Investigation's Uniform Crime Reporting (UCR) program. The offenses consist of four violent crimes (Murder, rape, robbery and aggravated assault) and three property crimes (burglary, larceny-theft and motor vehicle theft).

Within the Part I offenses, Violent crime (Murder, Forcible Rape, Robbery and Agg. Assault), with relatively low numbers, increased by a significant 58.3% in 2018. However, Part I Property Crimes (Burglary, Larceny-Theft, Auto Theft and Arson) actually decreased by 12.4%. Due to the significantly low number of Violent crimes, overall Part I offenses decreased by 10.1%. Even with the increase in Part I Violent crimes, once again the citizens of Andover experienced a very low crime rate in 2018, particularly for a city of over 13,000 residents.

In a study performed by the National Council for Home Safety and Security in early 2018 using FBI Uniform Crime Reports statistics from 2017, determined Andover to be the 4<sup>th</sup> "Safest Cities in Kansas." Overall crime statistics for Kansas found that the State averaged 5.09 violent crimes per 1,000 residents and 33.75 property crime victims per 1,000 residents. Andover, boasted just over 1 violent crime per 1,000 residents and 15.8 property crimes per 1,000 residents. In early 2019, the National Council for Home Safety and Security once again published their "Safest Cities in Kansas" report for 2018, identifying Andover as the 5<sup>th</sup> safest city with a population of at least 10,000 residents.

Likewise, overall reported crime (part I & II offenses) increased by 38.3% due to the increase in Part II offenses. In 2018 the department also experienced a 35% increase in Disturbance calls and a 7.7% increase in Domestic Violence related incidents, which played a significant part in the increase in Part II offenses.

In 2009, the City of Andover was named the 4<sup>th</sup> safest city in Kansas for driving, based on the previous 5-years of accident data. Since that time, motor vehicle accidents continue to remain relatively low for a city with a population of 13,000, with two major highways passing through its limits (US-54 and I-35). In 2018 the thirty-three Injury Accidents remained consistent with 2017, and is the 2<sup>nd</sup> lowest number in over ten-years (lowest in 2016 with 23 injury accidents). Non-Injury accidents decreased in 2018 by 3.8% under 2017 and 1.3% under 2016 incidents, and overall Accidents decreased in 2018 by 3.3% under 2017's motor vehicle accidents.

In 2017, overall traffic stops decreased by 2.8% and by another 26.1% in 2018. DUI arrests decreased in 2017 by 31.8% for the third straight year in a row, then increased in 2018 by 66.7%.

## DEPARTMENT COMPLAINTS/POLICE VEHICLE ACCIDENTS

In order to maintain a high level of integrity and trust from the citizens it serves, a Police Department must be willing and open to the acceptance of all complaints, including anonymous complaints, and provide a formal and transparent system for the processing of these complaints relative to Department operations, policies and procedures, and the conduct of its personnel. The character and the reputation of the Department rest on an adequate program of fair and impartial investigations.

A complaint is defined as an act of expressed dissatisfaction, which relates to the Andover Police Department's operations, policies and procedures, or conduct of department personnel. The conclusions of all complaints are categorized into one of five findings, "Unfounded," "Exonerated," "Not Sustained," "Sustained" and "Sustained Against Policy." The Andover Police Department has always enjoyed a relatively low number of citizen complaints over the years, usually averaging around 6 to 8 per year. However, during the past three years (2016-2018) the Police Department received a total of 7 complaints from citizens, less than 3 per year. This is just one example of the commitment, professionalism, dedication and character possessed by each member of our staff, and a demonstration of public service that is almost unheard of. This number is made even more remarkable considering that the officers, during this same 3-year time period, responded to 61,396 calls for service, made 10,774 vehicle stops, issued 6,134 citations, took 5,134 reports and made 998 arrests.

**Unfounded:** The investigation conclusively proved that the act complained of did not occur. This finding also applies when an individual employee named in the complaint was not involved in the act, which may have occurred.

**Exonerated:** The act which provided the basis for the complaint or allegation occurred; however, the investigation revealed that the act was justified, lawful and proper.

**Not Sustained:** The investigation failed to disclose sufficient evidence to clearly prove the allegation made in the complaint or to conclusively disprove such allegation.

**Sustained:** The investigation disclosed sufficient evidence to clearly prove the allegation made in the complaint.

**Sustained Against Policy:** The investigation revealed a faulty policy and/or procedure.

# CITIZEN SATISFACTION SURVEY

## Citizen Satisfaction Survey

The Andover Police Department is committed to providing high quality customer service to its citizens. In addition to tracking and documenting citizen complaints, the Police Department also surveys the community on a regular basis, to determine our citizen's attitudes and opinions with respect to: overall agency performance; overall competence of agency employees; citizens' perception of officers' attitudes and behavior; community concern over safety and security within the agency's service area; and citizens' recommendations and suggestions for improvements.

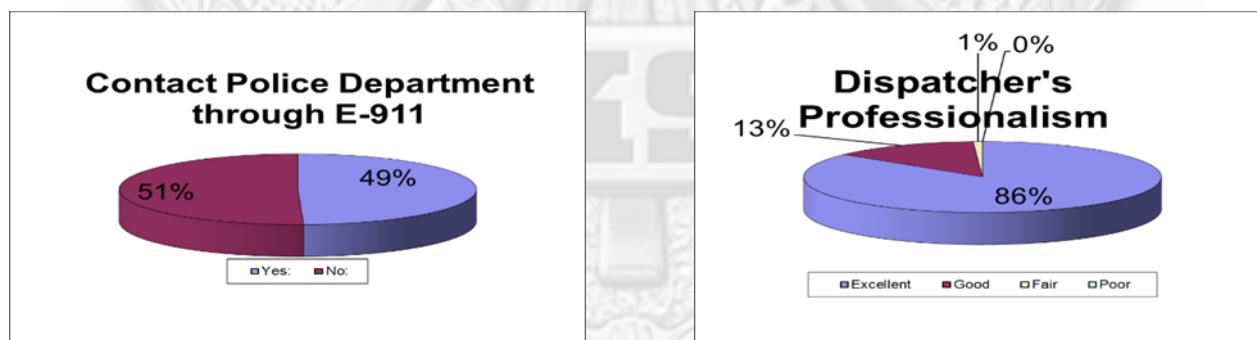

Three days a month, Citizen Satisfaction Surveys are mailed out to individuals that have had contact with the police department, either by being involved in a motor vehicle accident, making a police report, or receiving a traffic citation/warning. Additionally, each calendar month, department supervisors conduct a minimum of one citizen follow-up for each officer assigned to their team, and that follow-up will include the completion of a Citizen Satisfaction Survey. Finally, the on-line availability for citizens to complete the Citizen Satisfaction Survey [www.andoverks.com/pdsurvey](http://www.andoverks.com/pdsurvey) is advertised on the back of every department issued business card.

In 2018, seventy-six (76) Citizen Satisfaction surveys were completed and returned by citizens, making a total of 482 surveys completed since February of 2012. To date, the surveys indicate that 47.5%, slightly less than half of the respondents, had had prior contact with members of the Andover Police Department.

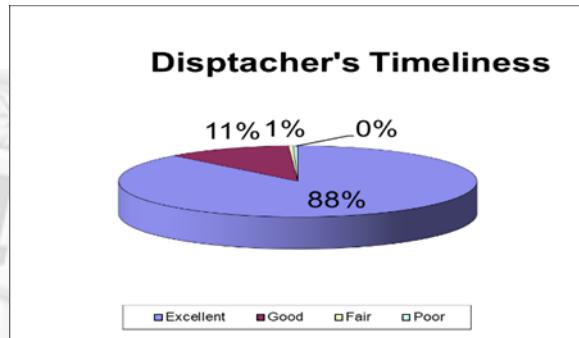

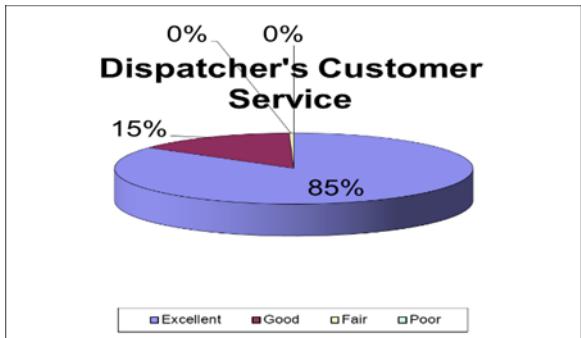

## E-911 Communications
